github.com/harrisondnash | linkedin.com/in/harrisondnash

Information technology professional capable of either working on or managing technology projects from concept to completion. Versed in HTML5, CSS3, Bootstrap, Javascript, Firebase, Node Js, and MySQL. Compatible team player through complete project cycles, testing, and final implementation. Excellent communication skills. Fluent in English, and conversational in Spanish.

EDUCATION

University of Texas at Austin, Austin, TX

September 2017 - December 2017

Austin Coding Bootcamp - Javascript Full Stack Web Development

An comprehensive 13-week long boot camp devoted to refining programmer's skills in designing and building web applications. Skills learned consisted of HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handlebars JS, & React Js.

APPLICATIONS BUILT

Choosr App

- A functional, deployed web app using two API's to present side-by-side listings of the same searched product, one column listing Amazon search results, and the other a local brick and mortar. The purpose of this is to give those without time to wait for the delivery of a product a local shopping option. Stores searches for viewing in chronological order, presents clickable links, and maps store locations for navigation through Google maps.
- Front end developer/UI designer
- <https://choosr-project-teamfour.herokuapp.com/index.html>

Volunteer Austin App

- A functional web app that scrapes local volunteer sites, then publishes this information to a central web page. Users may login into the app to both view listings of current volunteer opportunities, or post an opportunity of their own seeking prospective volunteers. Intended to make volunteering easy and cohesive on a local level.
- UI designer/middleware

WORK EXPERIENCE

Austin Realty Cinema

September 2014- August 2017

Designing, constructing, programming, and operating Cinematic Motion Control (MOCO) devices, as well as Photo/Video production. Created high-value video content for Real-Estate sales, using gyroscopically-stabilized cameras both aerially and on the ground.

Rafting Guide, Fly Fishing Instructor at Wet Planet Enterprises

June 2008- August 2014

I worked in the outdoor rec industry, as a rafting guide and fly fishing instructor across the lower 48, logging hundreds of miles with clients on many remote rivers in Texas, Colorado, Wyoming, Montana, Oregon, Washington, and Alaska. Certified in whitewater rescue and CPR.
